SUMMARY OF THE REASONS FOR DECISION:

The DVD *Eternal Love* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The DVD contains a feature previously examined and classified in video format by the Office of Film and Literature Classification. The video recording *Eternal Love* was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note "Contains explicit sex scenes". This decision was registered on 24 August 2001.

The DVD has additional components, including a report on the making of the feature, still photographs, biographical profiles of members of the cast, and several trailers for other DVDs. These other components also contain explicit sexual material. However, this additional material does not provide grounds to alter the classification given to the original publication. Because of sexualised nudity in images on the DVD disc's surface, conditions have been placed on the public display of the DVD.
